**COVID-19 updates and what to expect at our hotel:**

Now more than ever, we are passionate about delivering an exceptional experience and truly memorable moments throughout your stay. In response to current circumstances surrounding the COVID-19 pandemic, we have implemented a variety of new protocols and elevated practices, keeping with our high standards of cleanliness and luxury service. Allow us to introduce you to some of the measures we have implemented and what to expect at our hotel regarding changes to amenities, services, and facilities.

\*Face coverings are required in all indoor public areas.

Please note that various countries are requiring negative COVID-19 test results for passengers to re-enter to their country of origin, or final destination. For those travelers who are required by government regulations or would like to take a COVID-19 test before returning home, JW Marriott Los Cabos is able to provide antigen Tests at the hotel premises, if desired. It is important to get an appointment for the in-house testing, preferably at check-in. We may also connect you with Hospiten, a local hospital that offers PCR testing and happy to help book an appointment and transportation. As requirements can vary as to time needed for test prior to re-entry and/or specific test types, we recommend guests review the requirements of their country of origin or final destination. The safety and well-being of our guests and our associates are of paramount importance to us and our staff is ready and available to assist you.
